# WHO WE ARE

RISSO Chem Located in Taishan Chuanggu Industrial Park. We are a global-oriented chemical manufacturer, supplier and service provider. We offer a comprehensive range of organicsilicon, such as, silane, silicone oil, silicone monomer, silicone Intermediates, as well as organic peroxides, and other specialty chemicals, general chemicals.

## OUR VISION

Becoming the top value chemical company in China and one of the best known companies worldwide on chemical industry.

## OUR MISSION

**CUSTOMERS.** To be the one stop services partner. Provide customers with excellent products, services and solutions. Making process simple, convenient, safe and reliable, sustainable. On the issues of common concern we'll work together with each other on improvements.

**PARTNERS.** Working together with partners to create a community of business interests, transform together, and continue to provide better product and better services; we maintain a close contact with our partners in all dealings.

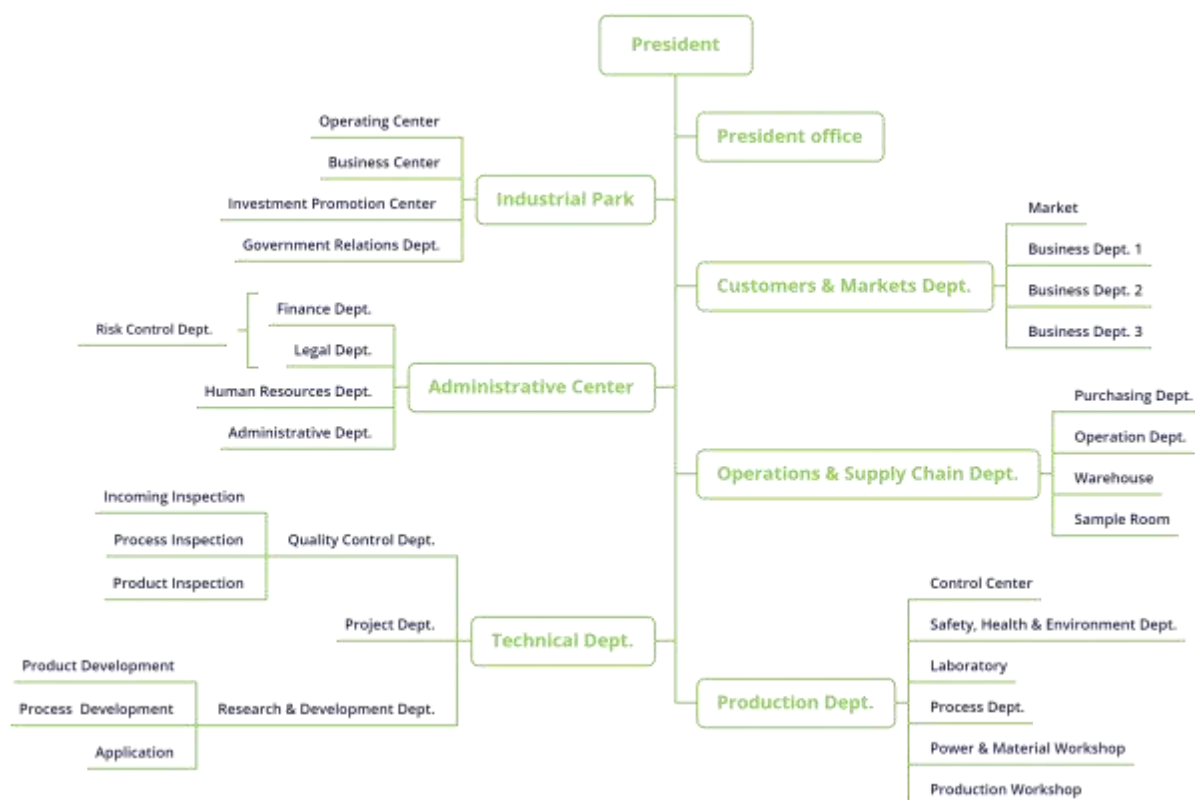

**RESPONSIBILITY.** Proactive actions are always taken to protect the environment. To bring added benefit of the community, we also support cultural activities and other public-interest undertakings.

**TEAM.** A comfortable working environment has been created where individuality is honored. We treat every team member equally and evaluate team member performances on the basis of efforts as well as results. Communicate with team, focus on strugglers, provide a development platform for team members who have ideals and ambitions, love chemical, and who are responsible, customer-oriented, and develop together.

**SHAREHOLDERS.** We will stick to fulfilling our accountability to shareholders and distributing reasonable and stable dividend payments to them. And our continuous rise in sales enables us to maximize shareholder value.

# ORGANIZATIONAL STRUCTURE

CHUANGGU

RISSO

## SHAREHOLDERS

- TAIAN RISSO CHEMI CO., LTD.
- TAIAN TAISHAN CHUANGU INDSTRIL DEVELOPMENT GROUP

# QUALITY CONTROL SYSTEM

## IQC

### Incoming Quality Control

Incoming Sample inspection;  
Vendor Survey;  
Incoming inspection;  
Material reliability test;  
Quality defect handling & improvement tracing;  
Vendor control & assistance;  
Statistical quality & analysis;  
Quality record filling;  
Inspection of vendor's materials.

## IPQC

### In Process Quality Control

Staff's Handling Procedures.  
Machinery Security Check.  
Material Placement.  
Process Handling Check  
5S Environment Control.  
Confirm BOM & first article audit  
Line audit & defect handling;  
Semi-finish sample inspection ;  
Statistical quality & analysis;  
Quality record filling.

## OQC

### Outgoing Quality Control

Product Appearance.  
Functional testing.  
Packing List confirmation.  
Packaging & labeling Check.  
Reinforced wrapping Check  
Inspection quantity

### Final Quality Control

OBA(Open Box Audit)  
inspection of finish goods;  
Quality defect handling offinish goods;  
OQC (Outgoing Quality Control);  
Statistical quality & analysis;  
Quality record filling;  
Reserved sample

RO-2248	Trimethyl or phenyldimethyl terminated dimethyl methylphenyl polysiloxane copolymer	63148-52-7
RO-2249	1,1,5,5-Tetraphenyl-1,3,3,5-tetramethyltrisiloxane	3982-82-9
RO-2250	1,1,3,5,5-Pentaphenyl-1,3,5-trimethyltrisiloxane	3390-61-2
RO-2251	Phenylmethylsiloxane homopolymer	9005-12-3
RO-2252	1,1,5,5-tetramethyl-3,3-diphenyltrisiloxane	17875-55-7
RO-2253	1,3-Diphenyl-1,1,3,3-tetrakis(dimethylsiloxy)-disiloxane	66817-59-2
RO-2254	1,1,1,5,5,5-Hexamethyl-3-Phenyl-3-[[Trimethylsilyl]Oxy]Trisiloxane	2116-84-9; 9076-37-3; 73559-47-4; 70131-69-0
RO-2255	cyclophenylmethicone	68037-54-7
<b><i>Alkoxy Silicone Fluid</i></b>		
RO-2256	polydimethylsiloxane [(trimethoxysilyl)oxy]-terminated	142982-20-5
RO-2257	Triethoxy terminated polydimethoxysilane	NA
<b><i>Vacuum pump silicone oil</i></b>		
RO-2258	1,3,3,5-Tetramethyl-1,1,5,5-tetraphenyltrisiloxane	3982-82-9
RO-2259	1,1,3,5,5-Pentaphenyl-1,3,5-trimethyltrisiloxane	3390-61-2

Custom products available. Contact: [info@rissochem.com](mailto:info@rissochem.com)

If you need more or special customization products, Please feel free to let us know your requirement , We will make efficient solutions for you.

# PACKAGING

**25Kg PE drum**  
Length: 310mm  
Width: 260 mm  
Height: 400 mm  
Pallet: Plastic or Fumigation-free wooden  
One 20'ft container can load 640 drums with 20 pallets.

**200Kg steel drum**  
Diameter: 571mm  
Height: 880~950mm  
Tight head drums, the heads are fitted with 2" & 3/4" closures.  
One 20'ft container can load 80 drums with pallets.

**200Kg PE drum**  
Diameter: 580mm  
Height: 900mm  
Filling Opening Diameter: 59mm  
One 20'ft container can load 80 drums with pallets.

**1000Kg IBC Tote (Intermediate Bulk Container)**  
Length: 1200mm  
Width: 1000mm  
Height: 1160mm  
Pallet: Steel  
One 20'ft container can load 18 IBC containers.

## Sample

We offer 250g free sample; but we charge actual sample shipping cost, and we will refund the sample cost when customer place regular commercial order.

## MOQ

### Min.Quantity per Order:

1 kg each grade for non-dangerous product;

2 CBM Min. each grade for dangerous product. (According to local regulation, we only can ship dangerous product in 2CBM, even if the quantity is less than 2CBM.)

## Payment

Payment shall be made by prepayment or confirmed, irrevocable L/C. The trade terms in our formal quotation shall be governed and interpreted under the provisions of 2000 INCOTERMS provided by International Chamber of Commerce (ICC).

## Lead Time

Generally we will ship from China Main Port within 2 weeks except for huge quantities or special packing requirement.

# RISSO CHEM

**RISSO Chem Located in Taishan Chuanggu Industrial Park. We are a global-oriented chemical manufacturer, supplier and service provider.**

**We offer a comprehensive range of organicsilicon, such as, silane, silicone oil, silicone monomer, silicone Intermediates, as well as organic peroxides, and other specialty chemicals, general chemicals.**
